AB	The compns. are useful as food and pharmaceuticals for prevention and treatment of osteoporosis and are storage stable even when alk. agents are added. A mixt. of vitamin K2 0.00045, soybean hypocotyl ext. 0.5, noncalcined shell powder 40, egg shell powder 10, hydrogenated maltose 30, cellulose 14.49955, sugar ester 1, vegetable oil powder 2, and guar gum 2% was compressed into tablets. The tablets were stored in an Al bag at room temp. for 1 yr to show vitamin K2 content 95%, vs. 68% for control tablets contg. no soybean hypocotyl ext.
